

FRENCHWOOD® GLIDING PATIO DOORS

Andersen® 400 Series Frenchwood® gliding patio doors feature a traditional design while offering modern performance and the space savings of their gliding operation. With wide wood profiles that provide the authentic look of French doors, weather-resistant construction for greater comfort and energy efficiency and a variety of options to fit your home's style, it's no wonder they're our best-selling gliding patio door.

DURABLE

- Low-maintenance Perma-Shield® exteriors never need painting and won't peel, blister, flake or corrode*
- Frame exterior is protected by a tough vinyl cover that resists dents, repels water and provides long-lasting protection
- Aluminum sill has a stainless steel capped roller track that resists stain, rust and denting
- Adjustable ball-bearing rollers provide smooth, long-lasting* gliding operation

ENERGY EFFICIENT

- Interlock weatherstripping is designed to seal out drafts, wind and water
- Variety of Low-E4® glass options are available to help control heating and cooling costs in any climate
- Many 400 Series Frenchwood® gliding patio doors have options that make them ENERGY STAR® v. 6.0 certified throughout the U.S.

BEAUTIFUL

- Four exterior color options
- Unfinished pine, oak, maple or prefinished vinyl white interiors
- Extensive hardware selection
- Add style with grilles, exterior trim or patterned glass

400 SERIES FRENCHWOOD® GLIDING PATIO DOORS

GLASS OPTIONS

- Low-E4® tempered glass
- Low-E4 HeatLock® tempered glass
- Low-E4 SmartSun™ tempered glass
- Low-E4 SmartSun HeatLock tempered glass
- Low-E4 Sun tempered glass

Additional glass options are available. Contact your Andersen supplier.

BLINDS-BETWEEN-THE-GLASS*

Convenient blinds-between-the-glass are available on select doors.

- White blinds are located between the panes of insulated glass, protected from dust and damage
- Glass is easy to clean without the need to move the blinds
- Cordless design to easily raise, lower or tilt blinds for control of light and privacy
- Available on doors with White, Sandtone, Terratone and Forest Green exteriors and unfinished Pine or prefinished White interiors

INTERIOR OPTIONS

Naturally occurring variations in grain, color and texture of wood make each door one-of-a-kind. All wood interiors are unfinished unless prefinished vinyl White is specified.

EXTERIOR TRIM

To enhance curb appeal, add Andersen exterior trim. Available in 11 colors and a variety of styles to match or complement your home.

GRILLES

Andersen grilles add character to your door and to your home. Choose from a wide selection of styles and patterns, or create custom patterns for a signature look.

SMART HOME SOLUTIONS

Patented **VeriLock® Security Sensors** not only indicate whether your patio doors are open, they even tell you if they are locked or unlocked.** No other sensors can do that.

Our **Wireless Open/Closed Sensors** give the peace of mind of knowing whether your patio doors are open or closed.**

**When properly configured and maintained with a professionally installed security system and/or self-monitoring system compatible with Honeywell® 5800 controls. Distressed bronze and oil rubbed bronze are "living" finishes that will change with time and use. Printing limitations prevent exact color and finish duplication. See your Andersen supplier for actual finish samples.
