Will not mould.
Heat /cold resistance.

Buckingham Eco-Series 1000

Patio Door

Decorative Options

Optional Decorative Grills

Internal grills are available in a wide range of design styles with colours that include Flat Grills in Two-tone, White, Brass and Pewter, Georgian Grills in White, and Pencil Grills in White, Brass and Pewter.

Optional Interior Finishes

Compliment the decor in your home with the warmth of a woodgrain look. State-of-the-art laminating innovations allow for the beautiful appearance of woodgrain for any interior application.

Natural Oak

Cherry

Natural Oak finish with internal Mini-blinds

Optional Internal Mini-Blinds

- Fingertip operation
- No external cords
- No dusting
- Low-E glass

From maximum visibility to complete privacy at the tip of your finger. Slide the lever to raise, lower or tilt the mini-blinds which are sealed between the insulated glass unit ensuring complete maintenance-free operation.

Mini-blind raise and lower operation lever

Optional Sidelites and Transoms

Frame your patio door in outdoor light with a transom or sidelite. The frame is made of PVC, virtually maintenance-free and available in a wide selection of finishes and glass types.

Optional Exterior Colours

Sunview Patio Doors boast a wide range of colour options that feature a finish which is U.V. stable, has a superior adhesion process and is impact resistant.

Hardware & Glass Options

Optional Hardware

Euro Style Handles: Upgrade to this unique handle set with integrated single-point keylocks. Available in White, Black, Brass, Black Nickel, Satin Nickel or Bright Chrome.

Multi-point Lock.

This heavy duty locking system provides two locking points on the door frame. Optional on all hardware handles.

Optional Locks

Guardian Locks mount at the top of the operating door. The security bolt is engaged and lock into the top door frame. Available in white, beige or brown.

Folding Security Bars mount on the fixed side of the door frame. When the security bar is swung down into the locked position, the door will not operate.

Optional V-Groove Glass

Decorative and elegant glass designs.

Standard Colonial: 5' and 6' - 3x5 Grid Pattern; 8' - 4x5 Grid Pattern

Two Position Kick Locks mount on the bottom of the operating door. Used as secondary lock with door in the closed position. Available in white, beige or brown.

High Performance Standard Glazing

Enhancing the outstanding thermal performance of every Sunview patio door is the high-performance glazing found in **Low-E** glass and **Edgetech Super Spacer®** technology. It's the most dependable sealed unit in the industry.

Super Spacer®

Stays cool
in summer

Stays warm
in winter

The Sunview Revolution.

The Buckingham Eco-Series Composite Patio Door

Sunview is very proud of the Buckingham Eco Patio Door, developed with our partner, VisionEcoproducts.

An industry first, the Eco door replaces a wood-buck system with a revolutionary rice hull material combined with recyclable polyolefin thermoplastic. As a result the Buckingham Eco-Series Door is stronger and resists mould growth, a problem that can develop in woodbuck doors.

It also offers:

- Enhanced fire resistance
- Improved strength properties
- Improved thermal resistance
- Will not warp ensuring continual smooth operation

It's something to feel very good about. The composite material, part of a line of new building products, meets market demand for a reduced environmental footprint.

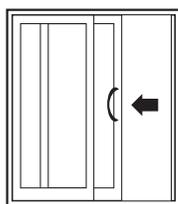

The right product for the right time.

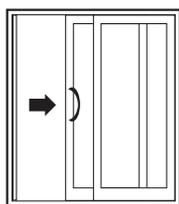

The right product for the right time.
