We believe “good enough” is never enough. At TimberTech, we not only like to challenge commonly held outdoor living conventions but we thrive on helping homeowners design their ideal outdoor space. Our comfort zone rests at the intersection of innovation and inspiration.

As our name implies, we use technology to create decking and railing that look like natural wood, but are more sustainable, longer lasting, and lower maintenance. We’re relentlessly focused on giving you the products you want in the style and price range you need — all backed by the industry’s best warranties.

We are TimberTech — Go Against the Grain with us.

Sustainability is at Our Core — Literally

Deforestation? We *wood* never. The wood and plastic in the core of our composite decking products is made from 100% recycled materials.

Over the last six years, more than one million trees have been saved because customers like you choose TimberTech Decking over wood. Every year we use more than 145 million pounds of recycled materials and prevent more than 25 million pounds of scrap from going into landfills.

Most folks call it sustainability. We call it doing the right thing.

First, Get Your Bearings

Before taking on a big project — indoor, outdoor, or otherwise — it's important that all your project's details are demystified. Make sure you're familiar with the three key components of building a new deck — and your journey will be a breeze.

OUTDOOR LIVING 101

Get the facts about modern decking and railing materials and an in-depth look at how our products stack up against traditional wood — and our competitors.

DESIGN OPTIONS

From color and finish options to curated product combos, you can hand-pick products to suit your unique style or go with tried and true selections.

BUDGET PLANNING

Take the guesswork out of budgeting and learn how composite decking and railing can save you money in the long run with these helpful charts and tools.

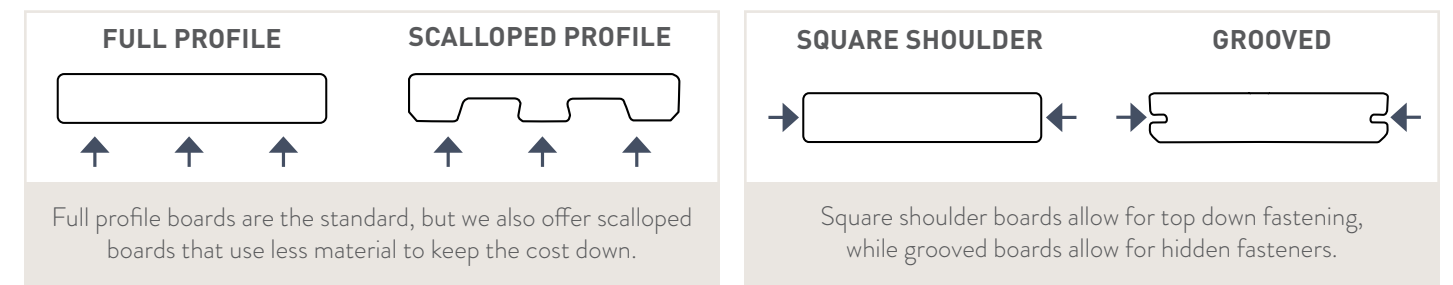

For more information on how to get started building the deck of your daydreams, visit [TimberTech.com/design/start-your-journey](https://www.timbertech.com/design/start-your-journey).

Decking & Railing 101

Lean into the process and learn some outdoor living lingo, so you can confidently choose the material that suits your lifestyle.

Board Profiles

See for yourself and order free samples at [TimberTech.com/order-samples](https://www.timbertech.com/order-samples).

Deck Design Options

It's no secret — we love good deck designs. From monochromatic coloring to dramatic highlights and every wood grain pattern that mother nature has to offer, TimberTech has any style option you could imagine.

NUANCE OF COLOR

Most TimberTech boards feature color nuances found in real wood. This complex color blending ranges from dramatic highlights and lowlights (that resemble premium hardwoods) to monochromatic (for a painted wood look). The degree of color variation differs by collection to make every deck board unique.

BOARD FINISHES

Discover the warm, charming look of hand-scraped boards. Browse the high-end look of decking with a wire-brushed, low-gloss finish. Stick to a simple straight grain or a classic cathedral grain that are featured in multiple collections. This is where the personality of our boards really shines through.

Cost of Composite vs. Wood

Take the guesswork out of your deck budget. Check out the chart below and see how TimberTech can save you money — and effort — in the long run.

The total cost of installing and maintaining your deck over 25 years is up to **40% less** when you choose TimberTech Decking

Over 25 years you'll spend more money on wood and its costly upkeep compared to your initial investment in composites. Studies show that wood decks need to be replaced every 10-15 years* — and with today's rising lumber prices, there's never been a smarter time to invest in TimberTech.

To check out our cost calculator, visit [TimberTech.com/design/decking-cost-calculator](https://www.timbertech.com/design/decking-cost-calculator).

Total Deck Project Installation Costs represent the total estimated aggregate costs of an initial deck installation for a 16' x 20' elevated deck including fasteners. Estimated maintenance costs include an assumed annual cleaning of TimberTech products and an assumed maintenance requirement of annual pressure washing and sanding, staining and sealing a pressure treated lumber deck every three years and an Ipe deck every two years to maintain aesthetics.

*According to the May 2016 Freedonia Wood & Competitive Decking Study.

Lakeside Retreat

Nautical colors, natural textures, and hardy furniture define lakeside living. Make it a retreat by surrounding your deck with the elements: tall trees, landscaping rocks, and a tranquil lake. So, kick back and let the breeze floating over the water cool you off from the warm sun as you sit on your low-maintenance deck.

Dark Hickory Decking with Coastline® Accents
White Impression Rail Express®

Urban Escape

When there's not enough backyard space, take the relaxation to a rooftop refuge – that boasts better views! Bring touches of nature to your elevated space by adding large potted plants and a fire feature. Mix in stylish statement pieces that give your outdoor living space personality. Then, finish the space with chic yet comfy chairs and some mellow music for lounging.

English Walnut® Decking
Black Impression Rail™

Relaxed Moroccan

Tap into the rich, vibrant colors and intricate patterns of this dreamy locale that was featured on the design show "Hidden Potential". Keep your deck and your seating low to the ground, then mix in various shapes to keep the eye moving. Details matter in your relaxed living space, so keep colors and shapes in the same family to create a quirky, relaxing outdoor space.

Weathered Teak® Decking
White Classic Composite Series with RadianceRail® Top Rail

Modern Farmhouse

Seek out the simple life while keeping the conveniences of modern amenities. Subdued colors work best with natural textures of cotton, copper, and wicker. Keep design lines sleek while adding touches of comfort with rocking chairs. Blend the charm of country living with luxe design for this on-trend look.

Coastline® Decking
Black Impression Rail Express®

Choose What's Right For You

CAPPED POLYMER DECKING

UNRIVALED DESIGN AND PERFORMANCE

Bring stylish sophistication and premium performance to your backyard. Made from **the most advanced material technology** in both the cap and core, TimberTech AZEK Decking is **impervious to moisture**, offers up to 40% **better slip resistance** than competitors, and **stays cooler** on sunny days. Boards are made from a complex blend of **up to 54% recycled material**. Available in narrow, standard, and wide widths, this category makes designing a truly one-of-a-kind deck easy.

AZEK Decking Advantages

- **No Wood** (SUPERIOR MOLD RESISTANCE)
No wood fillers in core or cap for **best resistance to mold** and other moisture damage.
- **Naturally Cool*** (STAYS COOLER TO THE TOUCH)
Up to **30 degrees cooler** than many competitive composite products.
- **Livable, Durable Decks** (RESISTANT TO SCRATCHES & DENTS)
Scratch- and dent-resistant for a **more durable surface** than many competitive composite and wood products.
- **Spills Happen** (NO PERMANENT STAIN DAMAGE)
50-Year Fade & Stain Warranty which is **twice the length** of most competitors' warranties. Simply clean up sauces, oils, and other household products.
- **Steadfast Color**** (50-YEAR FADE & STAIN WARRANTY)
Shades **designed to retain color**, proven in third-party weather testing.
- **Enviably Beautiful** (SOPHISTICATED COLOR, TEXTURE)
No. 1 in premium decking with our superior technology and design versatility.
- **More Traction, Fewer Falls** (OUTPERFORMS IN WET AND DRY CONDITIONS)
Up to **40% better slip resistance** than many competitive composite products.
- **Lifetime Warranty** (CONFIDENTLY COVERED)
Unrivaled in the industry with a Lifetime Limited Product Warranty.
- **Majority Recycled Content** (SUSTAINABLE)
Our products are environmentally friendly. **We never cut down any trees to make AZEK Decking.**
- **No Sanding, Staining, or Painting** (LOW MAINTENANCE)
Quit spending your hard-earned money and time on maintaining your beautiful deck.

*Although AZEK Deck products are cooler to the touch than many other deck board products, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.

**Depending on environmental conditions, AZEK Deck colors may appear to change over time as part of the natural weathering process consistent with the warranty guarantees where applicable.

Coastline® Decking with Classic Composite Series Railing

Coastline® and Dark Hickory Multi-Width Decking

Vintage Collection®

RICH. SOPHISTICATED. STYLISH.

Explore the "Designer Series" of decking to make your outdoor living space a masterpiece. This sophisticated collection features the most natural-looking colors with a subtle wire-brushed, low-gloss finish for a truly authentic wood look.

- Mix it up with stylish narrow (3.5"), standard (5.5"), and wide (7.25") widths available in all colors.

NEW

- **Vintage MAX (1.5")** thick boards available in Coastline. Offering longer spans, these boards are perfect for docks, boardwalks, and many commercial applications.

MULTI-WIDTH DECKING

Do Decking Differently

Standard width decking is not the standard anymore. You can now choose wide (7.25") or narrow (3.5") width, in addition to standard (5.5") width, boards to add a touch of the unexpected — and an element of style. Follow the wide width flooring trend making its way outdoors. Tap into the classic vibe with narrow width decking. Or, turn up the volume on your deck design by mixing all three widths.

NARROW WIDTH - 3.5"

STANDARD WIDTH - 5.5"

WIDE WIDTH - 7.25"

PORCH BOARDS

Perfect Porch Appeal

ELEGANT. STYLISH. DURABLE.

Forget curb appeal — it's all about porch appeal these days. Warm, natural-looking, and nuanced colors round out the Porch Collection to help create an inviting space to greet guests, or just hang out. With tongue and groove technology, these porch boards feature a tighter-fit for a more polished look.

- Wide (5.5") width available in Coastline, Weathered Teak, Mahogany, and Dark Hickory.
- Standard (3.125") width available in all colors.

PRO Decking Advantages

- **Four-Sided Protection** (SUPERIOR MOISTURE RESISTANCE)
Extremely resistant to moisture intrusion as there are **no wood or mineral fillers in the cap** stock.
- **Mold Guard™ Technology** (OUT-PROTECTS THE COMPETITION)
The **best mold protection** you can get thanks to 4-sided coverage.
- **Backside Coverage** (COVERAGE THE COMPETITION DOESN'T HAVE)
Unlike leading competitive composites, the bottom sides of boards are **completely covered** to repel and protect from moisture.
- **Gets in the Grooves** (COMPLETELY COVERED WHERE IT COUNTS)
PRO Decking sets itself apart with coverage that even extends into the grooves of the board. We don't cut corners, we cover them. With the grooves covered, the core is protected and keeps moisture out.
- **Spills Happen** (STRONG RESISTANCE TO STAIN DAMAGE)
Strong resistance to stain damage with a protected, cleanable surface. We offer a **30-Year Fade & Stain Warranty**. Competitors offer only a 25-year warranty.
- **Steadfast Color*** (STRENGTH AGAINST FADE)
Shades designed to retain color, proven in third-party weather testing.
- **Up to 80% Recycled Material** (SUSTAINABLE)
We consistently strive for **eco-responsibility** in all of our PRO Decking products.
- **No Sanding, Staining, or Painting** (LOW MAINTENANCE)
Quit spending your hard-earned money and time on maintaining your beautiful deck.

Tigerwood Deck with Mocha Accents and RadianceRail Express®

Mocha Deck with Pecan Accents

Legacy Collection

BOLD. DRAMATIC. UNIQUE.

Stand apart from run-of-the-mill decks with this stunning, artisanal collection. This decking features a complex blend of several colors, natural board-to-board color variation, and a hand-scraped texture that offers old-world charm. Just as every tree found in nature is unique, every deck board in the Legacy Collection is unique so you can create a one-of-a-kind deck.

Focused on Fasteners

STRONG. SECURE. DISCREET.

Opt for the best fastening systems to install your deck. Made of steel, not plastic, these high-quality fasteners give decks added strength and integrity for years to come.

For more information on fasteners, see page 56 or visit [TimberTech.com/products/fasteners](https://www.timbertech.com/products/fasteners).

COLOR-MATCHED FASTENING

High-quality steel screws that blend into decks and make holes less visible due to the color-matched screw heads.

HIDDEN FASTENING

Whether discreetly fastened in the grooves or imperceptibly plugged from the top, hidden fasteners leave guests feeling like they've witnessed magic.

COLOR-MATCHED FASTENERS FOR ALL DECK BOARDS

TOPLOC®

Color-matched face fasteners blend in with your TimberTech decking.

TOPLOC® FASCIA

Color-matched fastening system designed specifically for installing TimberTech Fascia.

HIDDEN FASTENERS FOR GROOVED BOARDS

FUSIONLOC®

Collated hidden fastener system engineered for strength and speed. FUSIONLoc® offers pneumatic installation with the FiveSHOT Gun or hand-driven installation. Every clip provides 3 points of board-to-joist connection and allows for boards in the middle of a deck to easily be removed.

CONCEALOC®

Hidden fastener system that can be installed pneumatically with the FastenMaster TigerClaw Gun or using a drill. CONCEALoc® provides a fastener-free surface. Designed exclusively for TimberTech® grooved deck boards.

HIDDEN FASTENERS FOR SQUARE SHOULDER BOARDS

CORTEX®

Hidden fastener system featuring a high-quality, ACQ approved, specialty deck screw with a Torx® ttap® drive system. Included plugs are made from TimberTech® Decking to hide the fastener. Best hidden fastener for stairs and perimeter boards.

SIDELOC™

Hidden fastener system with superior holding power that requires no pre-drilling for installation. SIDELOC provides a fastener-free surface by pulling the board to the joist from the side of the board. Designed exclusively for AZEK® square shoulder, capped polymer deck boards.

Add the Finishing Touches

Complete your deck with these high-end, high-performance accessories. At the end of the day, good design is in the details.

For more information on deck accessories, see pages 57 or visit [TimberTech.com/finishing](https://www.timbertech.com/finishing).

END COATING

Available in five colors to cover exposed end cuts for TimberTech Decking and Railing*.

*Works with Contemporary and Builder Rail

RISER BOARDS

Available in all PRO™ Decking and EDGE™ Decking colors. Use on stairs for a seamless, finished look.

FASCIA BOARDS

Available in all decking colors or White AZEK trim boards. Help frame the perimeter of your deck to finish off your project.

TIMBERTECH® DECKCLEANER™

Field tested and approved specifically for all TimberTech capped decking and railing products. The best solution for seasonal clean-up and to help remove common, everyday spills and stubborn spots.

TIMBERTECH® PRO-TAC™ JOIST TAPE

PRO-Tac Flashing and Joist tape helps extend the life of decking substructures by preventing water penetration and protecting the lumber from rot.

Endless Design Options

Choosing the right railing is just as important as selecting your decking. In the spirit of *keepin' it rail* with you, railing is the first thing that the neighbors see when they peek over the fence at your new space! Make a statement by mixing and matching top rail options, infills, and material types to suit your style.

Add Final Touches

It's the small details that add the finishing touches to your outdoor living space. Whether you have a high-traffic home and need a gate kit for kids and animals or want to make sure everyone has a firm grasp with ADA Handrails, these accessories help complete the look.

For more information on deck accessories, see pages 61 or visit [TimberTech.com/finishing](https://www.timbertech.com/finishing).

SECURE-MOUNT POST
Allows railing installations without a wood post.

ADA HANDRAIL SYSTEM
Make perimeter railing and stairways more safe and accessible with an ADA-compliant handrail.

CLASSIC COMPOSITE SERIES GATE KIT
Close off stairs from pets or small children (not appropriate for weight-bearing applications). Available in White or Black.

IMPRESSION RAIL EXPRESS GATE KIT
An aluminum rail kit used for 36" or 42" rail heights. Available in White, Black, or Dark Bronze.

Light The Way

ELEGANT. ILLUMINATING. HELPFUL.

Set the mood in your outdoor oasis with embedded lighting in your railing or deck. Adding ambiance is the perfect way to take a ho-hum party to a backyard bash.

DECK LIGHTING

IN-DECK LIGHT

Bronze for composite posts.

For more information on lighting, see page 61 or visit [TimberTech.com/products/lighting](https://www.timbertech.com/products/lighting).

PAVERS

Pave Your Path

STYLISH. ECO-FRIENDLY. REFINED.

Lightweight and durable, TimberTech Pavers contain up to 95% high-performance, recycled composite material. Every 500 sq. ft. of TimberTech Pavers prevents approximately 250 truck tires and 7,500 plastic containers from entering U.S. landfills. All TimberTech Pavers are resistant to staining, scratching, and impact, while boasting a residential Lifetime No-Crack Guarantee. Feel confident in your choice to pave your outdoor patio, rooftop, or driveway.

For more information on pavers, see page 62 or visit TimberTech.com/pavers.

RESURFACING PAVERS

Transform rooftops into beautiful destinations with these dynamic pavers. Whether you want to upgrade existing decks or elevate your cracked patio and walkways, Resurfacing Pavers are right for you.

STANDARD PAVERS

Used for in-ground applications, Standard Pavers work phenomenally for new patios, walkways, driveways, and commercial spaces. Choose your favorite from a wide range of colors and sizes and pave your patio with the eco-friendly, long-lasting option.

PERMEABLE PAVERS

Stop worrying about heavy rains ruining your hardscaping with our Permeable Pavers. Engineered to drastically reduce runoff, while offering superior resistance to harsh weather, and moisture damage. Downpours don't stand a chance against this storm-water management system.

8x8 Pavers in Waterwheel

Installation That's Easy

PATENTED GRID SYSTEM

The patented grid system not only takes less time to install than traditional concrete pavers, it makes creating patterns and designs easier than ever. Choose from five colors, three paver sizes, and a variety of patterns that fit your home.

BASKETWEAVE HERRINGBONE RUNNING BOND BLOCK LATTICE SOLDIERED PLAINWEAVE

As with nearly all paver products, the color and finish of TimberTech Pavers will change over time with exposure to moisture, sunlight, heat, time and other variables, which vary by region or geography and typically takes anywhere from 3-24 months to be noticeable. This normal weathering effect is visual in nature and does not affect TimberTech Pavers' long-term durability, nor is it covered under the TimberTech Paver Warranty. As TimberTech Pavers weather, they may become more susceptible to surface scuffing, chalking or staining. See the TimberTech Paver Care and Cleaning Guide for easy ways to keep the pavers looking their best.

DRYSPACE

Double Your Space

SMART. DYNAMIC. COMPLEMENTARY.

Designed for second-story decks, DrySpace™ is an under-deck water management system that collects and channels moisture away from the home, so you can make the most of the space underneath your deck. Adding crisp, clean lines above and a clean space below, DrySpace is made of solid extruded vinyl for maximum strength, durability, and weather resistance. Plus, it's backed by a 25-Year Limited Warranty.

For more information on DrySpace, see page 63 or visit TimberTech.com/dryspace.

BONE

WHITE

DrySpace Components

AVAILABLE IN BULK OR INDIVIDUAL COMPONENTS

DrySpace kits and individual components are available to fit most common deck dimensions. The kits include all the parts needed for an easy, seamless installation using standard tools.

NEW

Invite Collection

STYLISH. SUSTAINABLE. DURABLE.

Tap into the Invite Collection by Loll to create a timeless outdoor entertaining space. Made with 100% post-consumer recycled material, these fresh and stylish pieces are sturdier and easier to clean than competitive furniture. Ready for every season, the Invite Collection's long-lasting color and classic designs are the perfect statement pieces to complete your outdoor living space.

- Made with 100% post-consumer recycled high-density polyethylene (HDPE).
- Extremely low-maintenance material that never requires sanding or painting.
- Consistent, long-lasting color without visible air pockets.
- Durable, safe, and strong construction with discreetly hidden fasteners.

For stubborn spots, repeat the process. It is good practice to test any cleaning product on a scrap piece or inconspicuous area to make sure it does not harm the surface. Avoid getting TimberTech Deck Cleaner on other surfaces, including glass, stainless steel and painted surface. Thoroughly rinse surfaces immediately upon contact. [Visit TimberTech.com/care-cleaning](https://www.timbertech.com/care-cleaning) for more information.
